The Mervin & District Golf Club enjoyed a very successful 2025 season, thanks to our dedicated Clubhouse and Course staff, our hardworking Executive Board, the many volunteers who give their time, and of course you—our members and guests from across the region. Your continued support is what keeps our club thriving!

2025 Improvements & Upgrades

This past season brought several exciting improvements to both the course and the clubhouse. Some of the major updates included:

- Partial paving around the Clubhouse, with hopes of completing the project by the end of the 2026 season
- Expansion of the Power Cart Fleet, now upgraded to 25 units
- Vinyl siding added to one of our storage sheds
- Purchase of a new utility tractor for course maintenance
- Rock landscaping completed at the main entrance
- New patio railing installed
- Construction of a power cart wash pad
- New tin installed on the garage
- Cup savers added to all greens
- New tee box markers throughout the course
- 150-yard barber-pole distance markers installed on every hole

Inside the Clubhouse, we also made some improvements, including the purchase of an additional cooler and the installation of new shelving in the storage room.

Crop Program Success

We are also pleased to share that the MGC crop program had a strong year, finishing the fall with a net profit of \$12,500. A huge thank-you goes out to everyone who helped with the crop and harvest—you make this important fundraising initiative possible.

SKINS NIGHTS

MAY-JUNE 29

(Resumes in September)
